ABOUT ME

I provide highly interactive and confidence boosting classes!

As a qualified A-level Chemistry teacher with a decade-long track record of success, I'm Mir, dedicated to transcending the boundaries of traditional education. My experience spans all major exam boards—AQA, OCR, and Edexcel—yielding a 100% pass rate. My teaching journey at an Outstanding London-based school has equipped me with effective strategies to ensure every student exceeds their predicted grades.

I focus on building confidence through personalised plans, connecting theoretical knowledge with practical applications in the industry, and emphasising exam techniques. My approach is designed to make learning engaging and tailored to each student's unique needs, ensuring both theoretical and practical mastery.

Mir, mentor & a fantastic tutor

I cannot recommend Mir more! Mir isn't just a tutor, he's a mentor. Mir has motivated my son from very little interest in Sciences to actually want to study, revise & do well and voluntarily take triple science for GCSE. After each session my son gives me a run down of what they've studied and his confidence is growing. He is now thinking of taking 2 sciences for Alevel!!!
I'm so eternally grateful and thankful to Mir & the person who recommended him to me in the first instance.

Delighted with our son's A-level...

Delighted with our son's A-level Chemistry grade that saw him make his offer to study at Durham Uni. I have recommended Mir to a number of friends. His explanations were clear and he was excellent at structuring lessons on the spot without notice to tackle weak points. He did a great job of adapting lessons and content for individual students.

I will not make this long for anyone...

I will not make this long for anyone reading this. I was tutored by Mir Hashemi for around 1 year in which I saw my grades leap more than what I had expected myself. Within 1 year my grades jumped from an C to an A. When I say he is by far the best teacher I have had the privilege of learning under, I truly mean it.

Best decision we made!

Mir is exceptionally knowledgeable and gave our daughter the confidence she was lacking in chemistry within the first few sessions! Thank you Mir

a very Dedicated and enthusiastic teacher

Mir's enthusiasm for the subject matter is contagious, he makes the material more engaging and enjoyable to learn. Mir's passion for teaching is evident, and it inspires my son to approach his studies with the same level of enthusiasm.
Mir's classes are always well-organised and engaging. He has a captivating energy which makes my son love his lessons.
My son has thrived under his teaching style. Please keep up the good work!

Mir is an engaging, smart tutor who delivers results

Mir engaged both of our boys over the past year and a half. Their both achieved significantly improved results in their Science GCSE's (8,8,7) and Chemistry A-level's (A) than originally expected.
They enjoyed their sessions and gained a lot of confidence through the process.

great tutor, would recommend

Mir was great at making the lessons engaging with a mix of teaching from the powerpoint, short videos, long and short answer questions, and fun quizzes at the end of lessons. I'm very pleased with my grades, and Mir definitely helped a lot!
